

Home Care Grant

About

The Pennsylvania Foundation for Home Care and Hospice has established the **Home Care Grant** to support home-based care agencies in providing temporary care to individuals who demonstrate a need for home and community-based services, but are not yet receiving, are waiting to be approved/renewed, or are not eligible for services through other payment programs, such as Medicaid. *Note that a consumer may receive certain OPTIONS benefits and still be eligible for grant funding.*

If selected as a grant recipient, agencies will be granted access to funds of up to \$2,500 per client to be used as 100 hours of non-medical home care services at \$25/hour or 20 medical home health visits at \$125/visit.

All fund disbursements are at the sole discretion of the Pennsylvania Foundation for Homecare and Hospice.

Please note, agencies are limited to three (3) referrals per month and should reserve referrals for clients with the highest need level. A client is eligible for funding once per calendar year.
